Education *Ph.D. Physical Chemistry, Dec. 1991*
Department of Organic Chemical Technology
Technical University of Lviv (former USSR)

Diploma (MSc), Chemical Engineering, June 1985
Department of Organic Chemical Technology
Division: Chemical Technology of Oil and Natural Gas
Technical University Of Lviv (former USSR)

Scientific and Research interests

Organic geochemistry in exploration, production and exploitation of fossil fuels
Instrumental analysis and characterization of fossil fuels
Chemometrics in oil analysis applications
Environmental, identification and characterization of petroelum pollutants

Professional employment

2/2010 - present Associate Professor, Technical University of Crete, Greece

8/2006 - 1/2010	Assistant Professor, Technical University of Crete, Greece
1/2002 - 7/2006	Lecturer, Technical University of Crete, Greece
9/1992 - 12/2001	Research Scientist, Technical University of Crete, Greece

Teaching experience

Graduate courses, Technical University of Crete

"Advances in Fossil Fuels Characterization"

"Environmental aspects in hydrocarbons production"

Undergraduate courses, Technical University of Crete

"Fossil Fuels"

"Organic Geochemistry"

"Unit Operations"

"Reservoir Engineering"

Supervision of 13 undergraduate diploma and 7 graduate master theses

Publications

in peer-reviewed international journals (33)

Research Projects

As Scientific Coordinator

2010	"Characterization of oil products of Motor Oil HELLAS, Corinth Refineries S.A., with chromatographic and spectroscopic methods for the needs of the European Regulation REACH 1907/2006". Funded by "Motor Oil HELLAS"
2009	"Characterization of oil products of the Hellenic Petroleum S.A. with chromatographic and spectroscopic methods for the needs of the European Regulation REACH 1907/2006". Funded by the "Hellenic Petroleum S.A."
2009	"Optimization of upgrading processes of used oils with catalytic hydrogenation" . Funded by "CYCLON Hellas"
2007	"Evaluation of possible source rock in Greece using organic geochemistry methods" Basic Research 2007. Funded by Research Foundation of Technical University of Crete
2006-2008	"Simulation of Epsilon oil reservoir using specialized software". Funded by Greek General Secretariat for Research and Technology and "KAVALA OIL S.A."
2006-2008	"Evaluation of biogas from neogene formations in Central Crete". Funded by Greek General Secretariat for Research and Technology and Municipality of Arkalohori, Greece
2004-2006	"Evaluation and monitoring of oil spills in the subsurface of refineries using modern geophysical methods". Funded by Greek General Secretariat for Research and Technology and "GEOTEK"
2003-2006	"Pilot study of lubricant oil extraction", Funded by Funded by Research Foundation of Technical University of Crete
2003-2006	"Characterization of oil spills in the Aspropirgos refinery, Athens". Funded by "Hellenic Petroleum S.A."
2002-2006	"Development of low cost adsorbent for gas cleaning using activated Greek lignites". Funded by Greek Institute of Geology and Mineral Exploration

As Principal Researcher

2001	"PVT study of petroleum fluids from exploration well E-1 of Prinos basin, Greece". Funded by "KABALA OIL S.A."
1999-2001	"Biodegradation of organic pollutants in soils and groundwater". Funded by Greek General Secretariat for Research and Technology
1999-2000	"Development and implementation of an optimization system for the production of lubricating oils in the "Motor Oil HELLAS" refinery". Funded by Greek General Secretariat for Research and Technology
1995-1998	"Increase the domestic capacity of the recycled waste oil". Funded by Greek General Secretariat for Research and Technology
1998	"Geochemical study of Greek lignites. Origin determination using characteristic biomarkers", Funded by Greek Institute of Geology and Mineral Exploration
1997	"Laboratory study of the chemical composition and formation conditions of asphaltenes in the North Prinos oil reservoir". (Funded by "North Aegean Petroleum Corporation"
	"PVT study of petroleum fluids from exploration well PN-2 of North Prinos reservoir". Funded by "North Aegean Petroleum Corporation"
1995	Experimental and theoretical study of PVT behavior of gas condensate mixtures from North Sea. Funded by Delft University of Technology, Holland
1994	"PVT study of petroleum fluids from exploration well PN-2 of North Prinos reservoir". Funded by "North Aegean Petroleum Corporation"
1994	"Special core analysis study of the exploration well PN-2 of North Prinos reservoir". Funded by "North Aegean Petroleum Corporation"
1994	Organic geochemical study of the oil from the exploration

	well PN-2 of North Prinos reservoir". Funded by "Wintershall AG", Kassel, Germany.
1993	Wettability study of oil reservoirs. Surface phenomena in oil-water-rock systems and their effect in oil production". Funded by Research Foundation of Technical University of Crete

As Researcher

2002-2005	Exploration and Evaluation of the Eastern Mediterranean Sea Gas hydrates and the Associated Deep Biosphere, EC CONTRACT EVK3-Project CT-2002-00068. Funded by Framework Energy, Environment and Sustainable Development, EU
2002-2004	Evaluation of the miscible gas injection in oil reservoirs by monitoring the asphaltene concentration, Project NNE5/2001/250. Funded by Framework Energy, Environment and Sustainable Development, EU
1999-2002	Hydrate Autoclave Coring Equipment System, Project EVK3-2000-00549. Funded by Sustainable Marine Ecosystems, EU
